NOTICES

- ① Conventional anchors are not allowed, but mud weights (and drogues on request) are provided. These should be dropped 'end on', so that they plunge vertically into the mud, to ensure a firm anchorage.
 - ② When the air compressor is running (for summer aeration/destratification) **fishing** is not allowed **inside** the buoyed area surrounding the 'Venturator' and **anchoring** is not allowed any closer than a casting distance (15 yards approx.) from the buoyed perimeter rope.
 - ③ Access is restricted to the car park and fishing area.
 - ④ **Landing is only permitted at the Boathouse and Jetties.**
 - ⑤ Please keep clear of the floating cages, etc.
 - ⑥ Anglers are expected to treat the boats and equipment with care – studded waders should not be worn in the boats or fishing hut. The boats **must not be 'beached'**. . . ⑦ Please do not throw *anything* into the loch – litter (including cigarette ends and matches), nylon waste, etc., should be left in the boats or bins.
 - ⑧ Fish should **not** be gutted or cleaned in the loch.
 - ⑨ Please use the toilet facilities provided.
 - ⑩ Anglers are advised not to stand up in the boats. **Deep wading** in chest waders is not allowed. **Anglers** are asked to keep a 'polite' distance apart and not to start fishing close to others unless specifically invited to do so – similarly, make **as little noise and disturbance as possible**.
 - ⑪ Anglers are requested to use balanced tackle and not to use finer nylon than necessary (4 lbs B.S. should be regarded as a minimum for most purposes).
 - ⑫ **Children** must be accompanied by an adult and only permit holders are allowed on the fishery. Dogs are **allowed** only at the discretion of the management and must be kept out of the water.
 - ⑬ Swimming, camping, picnic parties, fires, radios, pleasure boating, sailing craft, engines and firearms, etc., are not allowed.
 - ⑭ In the interests of good fishing the owners request information regarding any abuse of the rules or facilities provided.
- In the event of strong winds anglers are advised to check conditions at the fishery by 'phoning before leaving home.

CONDITIONS

- ① No responsibility is accepted for any accident or injury to persons visiting the fishery or for loss or damage to their property.
- ② Anglers are liable to pay the replacement cost of any equipment lost or damaged.
- ③ The management reserve the right to refuse or terminate admission to the fishery at any time without giving reasons.
